

AN ELABORATE BIRTH-DAY DINNER PARTY

One of the happy occasions not soon to be forgotten was a dinner given Sunday, Nov. 24, by Mrs. Parker in honor of her husband, Mr. E. I. Parker and Mr. S. B. Gilliland, this being their natal day; and also for Mr. Ed O'Ferrell, whose birthday came November 21st.

At 2:15 p. m. we were invited into the dining room, where covers were laid for Mr. and Mrs. Ed O'Ferrell, Miss Kate O'Ferrell, Mr. S. B. Gilliland, Mrs. F. Matthews, Mr. John Matthews and Mr. and Mrs. Parker. The table was decorated with cysanthemums and carnations and for a center piece was a rare piece of hand-embroidery, with crochet lace, made some fifty years ago by Mrs. Parker's mother.

A six course dinner was served, and my, such a sumptuous feast could hardly be described on paper. Fruit relish, consisting of orange, banana and pine apple, served in orange shell, cream of tomato soup; then turkey and dressing, scalloped oysters and creamed potatoes and sweet potatoes; then the most delicious salad course, with olives and radishes. The fifth course was home-made mince pie and home-cooked pumpkin pie; then came the frozen angel food and white cake, fruit cake and coffee and the birthday candy.

Dinner being over, we repaired to the parlor where Mr. Parker entertained us with the "Victor," giving us favorite selections of the good old times, such as "Annie Laurie," "Dixie," etc., as well as with the new music.

Mr. Parker and Mr. Gilliland were born and reared in the old "Buckeye" state, within fifty miles of each other, but it fell to their lot to meet in far away Arizona, in the shadow of the 'Frisco peaks, to form an acquaintance.

Mr. Parker was born Nov. 24, 1853, at Marietta, Ohio. He was married in 1876 to Miss Susie Smoot of the "Shenandoah Valley." To this union were born eight children, six of whom are living. He moved to Bay City, Mich., and was engaged in saw-filing. Soon afterwards he moved to Duluth, Minn., then to Wadsworth, Nev., and later to Albuquerque, N. M., and was with the American Lumber Co. In 1910 he moved to Flagstaff and is with the A. L. & T. Co. He is a member of the Modern Macabees.

Mr. Edward T. O'Ferrell was born Nov. 21, 1855, at Kanosha, Wisconsin. He moved with his parents to Atchison, Kansas, in an early day, living there when the civil war broke out. The

family later moved to St. Marys, where he attended St. Marys College. Here he was married and settled on a farm nearby. He has five living children. In 1901 he moved to Flagstaff, since which time he has been with the A. L. & T. Co. He is a member of the K. of C. fraternity.

Mr. Samuel B. Gilliland was born Nov. 24, 1842, in Jackson county, Ohio. He was educated at the Ohio University at Athens, graduating in the class of 1862. He enlisted in the Union army and served until the close of the war, being with Gen. Phil Sheridan the last year. After the war was over he went west and settled in northwest Iowa, where he taught school, held down a claim, was in the mail service a number of years and represented the 13th district in the Iowa state legislature for two years. He was married in 1868; has six children, all of whom are living. In 1888 he went south, lived in the Boston mountains of Arkansas for two years, then to Texas for a few years, when he came to Arizona and located, spending most of the time for the last sixteen years with the A. L. & T. Co. of Flagstaff. He is a member of the K. of C. fraternity, also of the G. A. R. —(Contributed.)

At Presbyterian Church

Next Sabbath, Rev. Frank C. Ried will occupy the pulpit at the Presbyterian church at both the morning and evening service.

He will also attend the Sabbath school service and give a short talk. It is hoped there will be a large congregation to greet this former pastor of the church.

Don't waste your money buying strengthening plasters. Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by all dealers.

"Studebaker Cars"

When purchasing automobiles one of the most important things is to consider the service you get. The word Studebaker spells "service" the world over. When you have a good local representative in your community who has the skill and facilities for looking after and carrying out your guarantee to the letter, you are more securely protected than if you have to send out for repairs for your machine. This is a point overlooked by many. Auto purchasers should weigh this matter carefully. Ask the man who owns a "Studebaker" how he likes his car. Invariably they are the biggest boosters for the car. They are all satisfied. We will have a car load of the famous "Studebaker" cars in soon. Ask for demonstrations in our new models. —NORTHERN ARIZONA MOTOR CO.

Is your husband cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all dealers.

Machine Has Fingers

One of the most ingenious machines yet developed by the automobile trade, is at work in the trimming department of the Studebaker Corporation. By an elaborate system of fingers this machine measures in square inches the area of the hides used in upholstery. Incidentally, it takes two large hides to furnish the leather for each car.

Flagged Train With Shirt

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at Babbitt Bros.

Cottolene for Cooking

The Happy Go-Between Cottolene

Cottolene is not for table use, but it is the best cooking fat for all shortening and frying. If you are using butter in your kitchen you are paying at least twice as much as necessary to secure the same results with Cottolene.

Another point of economy about Cottolene—use one-third less than you would of butter or lard

Cottolene is a clean, pure product, and makes wholesome, healthful, digestible food, because it is a vegetable and not an animal fat.

TRY THIS RECIPE:

FRIED FISH

Fry Trout, Perch, Herring and other small pan fish whole. Cut large fish in 1 inch thick slices, 2 or 3 inches square. Remove skin and bones from sliced fish, wipe dry, roll in bread crumbs or fine meal, then in beaten eggs, then in crumbs, and fry in deep Cottolene hot enough to brown a bit of bread while you count sixty. Drain well before serving, or simply cover with seasoned meal and brown on each side in hot Cottolene in frying pan.
